EDUCATION

B.E., CSE- Sri Eshwar College of Engineering **2024- 2028**
+2 College –GYANDA Academy, Nepal **2024-2022**
SEE –Shree Janta Ma.Vi, Nepal **2022-2021**

PROJECTS

Meal-Mind AI – Python | Machine Learning **2025**
Developed an AI-powered meal planning and nutrition analysis system using a Kaggle nutrition dataset to identify nutrients, calculate calorie intake, and generate personalized diet recommendations through machine learning algorithms. Implemented real-time health insights and goal-based meal suggestions without database dependency.

Cafeteria Cost & Management System – Java | Spring Boot | MySQL **2025**
Developed a role-based cafeteria management system with secure authentication, menu CRUD operations, sales transaction recording, and user management. Integrated MySQL using JPA/Hibernate for automatic schema updates and built a real-time dashboard to monitor system statistics and sales performance.

Hostel Hub – MERN Stack (MongoDB | Express.js | React.js | Node.js) **2025**
Built a full-stack hostel management system supporting room allocation, student registration, complaint handling, attendance tracking, and fee management. Developed RESTful APIs with secure JWT-based authentication and implemented a responsive React dashboard for real-time data visualization and administrative control.

NoteStack – MERN Stack (MongoDB | Express.js | React.js | Node.js) **2024**
Built a full-stack online note-sharing platform allowing users to upload, categorize, search, download, and manage academic notes with role-based access control. Developed RESTful APIs, implemented secure JWT authentication, integrated file storage handling, and designed a responsive React dashboard to ensure seamless content sharing and user collaboration.

Personal Portfolio Website – HTML | CSS | JavaScript **2024**
Designed and developed a responsive personal portfolio website to showcase projects, skills, and achievements with smooth UI/UX and interactive animations. Implemented dynamic sections, contact form integration, and optimized layout for cross-browser compatibility and mobile responsiveness.

CERTIFICATIONS

Python	**SimpleLearn**	**2025**
Java from Zero to First Job	**Udemy**	**2025**
Mastering Data Structures with C and C++	**Udemy**	**2024**
Cand C++ certificate |	**Spoken Tutorial by IIT Bomaby**	**2024**
C Intermediate	**SoloLearn**	**2024**
SQL	**Hakkerrank**	**2024**

ACHIEVEMENTS

Freshathon - Participate in a College Level Hackathon **2024**
Creatahon - Participate in an innovation and creativity event **2024**
Shortlisted at the College Level for **Smart India Hackathon** 2025 under the Smart Hackathon Initiative **2025**

CODING PROFILE

Leetcode : Solved 225+ problems | link
SkillRack : Solved 1200+ problems | link

SKILLS

Programming - C | C++ | Python | SQL | Java
Core Concepts – DSA | Dynamic Programming | DBMS
Web Technologies - HTML | CSS | JavaScript | React.js | Node.js | Express.js
Database – MySQL | MongoDB | PostgreSQL
Data Science & Analysis Libraries – Pandas | Numpy | Matplotlib
Tools - VSCode | Canva | Excel | PowerPoint | Jupyter Notebook | GitHub | Git
